

Mother & Baby group facilitator training in February

- Are you yourself a mother of a baby under one year old or currently expecting?
- Would you like to meet and get to know other mothers of intercultural families?
- Are you interested in learning new skills and volunteering as a Mother & Baby group facilitator in this spring?

Duo is now looking for new facilitators for our popular Mother & Baby groups. Mother & Baby discussion groups are facilitated in pairs and we can help you to find a pair if you do not have a friend to start your own Mother & Baby group with. You do not have to be an experienced facilitator either: an open mind and positive approach is all you need. We will offer training, material and support for our volunteers and help in finding a suitable place for the meetings.

**Babies under 1 year old can be taken to the training.
No childcare available for older children.**
